

MINDLAB S.r.l.

SPIN OFF DELL'UNIVERSITÀ DEGLI STUDI DI MILANO-BICOCCA

WWW.OYSIA.COM

PRESENTATION

MIndLab S.r.l. is a spinoff of the University Milano-Bicocca which aims to create a technological web based platform in order to provide consultancy services to SME and Individuals or families.

Consultancy services will be based on legal, fiscal, business and finance issues and the platform (named **Buddy Advisor**) aims to be the first on-line player in Italy to increase the access 24/7 to high value added services.

Services will not be standard: they are high value added and tailor made. Services will be provided by a high specialized Faculty of experts. And a particular attention will be paid to the new generations in order to support them in their startup projects since the beginning of the business idea.

MIndLab was born thanks to the joint venture among the University of Milano-Bicocca, an important Italian bank (UBI Banche SPA) and a Team of Project that studied in the last three years the opportunity of the Italian market.
